MEMORANDUM FOR: Mr. Victor M. Zafra  
Bureau of the Budget

SUBJECT: Draft CIA Statement on S. 1035  
(Constitutional Rights of Federal Employees)

Pursuant to our telephone conversation today, attached hereto is a first draft of the statement we are now working up. This draft is now under review and revision by appropriate Agency components, and we hope to have the revised version in the near future. However, I thought in the meantime you might find this preliminary version useful as a general indication of the line we are taking.

Because this version is preliminary and tentative, it would be appreciated if you would ensure its discreet handling.

John M. Maury  
Legislative Counsel
